

**TEREX® MINERALS PROCESSING SYSTEMS  
APPOINTS NEW DISTRIBUTOR FOR MEXICO**

**TEREX® MINERALS PROCESSING SYSTEMS, (TEREX MPS), 212 SOUTH OAK STREET, DURAND, MI, UNITED STATES, JANUARY 2016.** One of the world leaders of material processing technology for modular, portable and static crushing and screening equipment is pleased to announce the appointment of Hercon Maquinaria SA de CV as their full Terex MPS Line Distributor for the Central Region of Mexico.

Coverage for this region is now provided by Hercon Maquinaria for new equipment purchases, support for new equipment (including servicing and spare parts). Customers' needs will be met by a passionate team who are fully trained to provide the world class levels of customer support for which the Terex MPS distribution network is globally renowned.

David Quail, MPS Regional Director Americas said: "We selected Hercon Maquinaria to represent Terex MPS due to their industry experience, technical knowledge and commitment to providing customer solutions & after-care. We are confident our partnership will strengthen Terex MPS presence in the local market."

**HERCON MAQUINARIA** was founded in 1991. They have strong distribution utilizing cutting-edge equipment of other global leading brands and are qualified personnel to offer a world class service.

# PRESS RELEASE

Speaking of the new appointment, Sales Director, Ricardo Vega said “With the philosophy of anticipating the needs of our customers we make sure we can solve any problem that may arise. We have multiple first class facilities where we represent our products, have showrooms, warehouses and workshops for servicing equipment and distributing parts.

We are looking forward to developing a strong working relationship with Terex MPS and we look forward to supporting customers in the market.”
