**TEREX®**

**WORKS FOR YOU.™**

# EVERYTHING YOU NEED TO GET THE JOB DONE

Quality and reliability are built into every Terex crane. From rugged rough terrain cranes and versatile truck cranes to high rising tower cranes, we have the machines you need to succeed. Add to that our commitment to speed and responsiveness, coupled with our global network, and it's easy to see why Terex has the expertise to keep you up and running.

Your return on investment begins the very first day your Terex crane is in service. You'll be able to handle more jobs, and get more done at every jobsite. You'll find that a partnership with Terex is something you can trust – and bank on.

# RELIABLE LIFTING. NO MORE. NO LESS.

In this day of high overhead, low margins and endless competition, you couldn't ask for a harder-working, more reliable, efficient machine on your jobsites than a Terex crane. From our rugged rough terrain and truck cranes to our go-anywhere tower cranes, boom trucks and pick & carry models, a Terex crane is built to be your tough and ready workhorse. Terex cranes show up day after day almost anywhere to get the job done. And to provide your uptime, Terex cranes have some of the fastest, finest expert support in the business. With Terex cranes, it's all about delivering success for high frequency lifts.

# ROUGH TERRAIN CRANES

Go off the road with confidence with Terex rough terrain cranes. With excellent ground clearance and up to four steering modes, positioning these cranes in even the most rugged terrain is not a problem. Add to their flexibility, their durable construction and low cost of ownership, and you can see why Terex rough terrain cranes are an easy choice for day-in-and-day-out lifting.

Terex Pick & Carry cranes live up to their name with the strength and easy operation to pick up heavy loads and the steering flexibility to move in tight spaces. Their high road speeds get them to the jobsite quickly, and because the articulated frame needs no outriggers, you can get set up and working almost immediately.

# PICK & CARRY CRANES

# TOWER CRANES

Available in self-erecting, hammerhead, flat top and luffing jib varieties, each with a wide range of sizes and capacities, Terex tower cranes can be seen hard at work on some of the most formidable jobsites around the world. Strong, yet quick to set up, their rugged construction and advanced technology provide reliable performance for many productive years to come.

# BOOM TRUCK CRANES

For lighter lifting, nothing beats the flexibility and reliability of Terex boom truck cranes. Able to travel at highway speeds, Terex boom truck cranes let you get to the jobsite, get set up, and get to work fast. No wonder you'll often see them working multiple projects on multiple sites the very same day. They're the "go to" crane for your bread-and-butter jobs.

# TELESCOPIC TRUCK CRANES

Combining highway mobility with heavy-lifting power, Terex truck cranes feature quick positioning and rigging so you can get right to work without losing a second. Easy to operate. Easy to maintain. Terex truck cranes provide a cost effective way to do more work and reach new heights with your business. The ergonomic cab offers a comfortable working environment that keeps the operator alert and productive from one job to the next.

# CRAWLER CRANES

Reliable, cost-effective and easy to operate, Terex crawler cranes are the ideal choice for your heavier lifts. Offering a wide variety of lifting capacities from 72 t (80 USt) to 258 t (285 USt), Terex crawler cranes are easy to transport and quickly rigged.

# INVEST IN A TEREX CRANE AND GET MORE THAN A MACHINE
