

FRANNA[®]
A TEREX BRAND

**WORKING
WITH
FRANNA**

Franna launched its revolutionary pick and carry concept of specialised, custom designed solutions for the small crane industry in 1978 and is now a market leader with a huge global presence.

We maintain and develop our position as the leading manufacturer of all-terrain pick & carry cranes and continue to meet changing industry needs through innovative design solutions, quality equipment and exceptional after-sales support.

Our modern, purpose-built manufacturing facility in Brisbane, Australia houses production, sales, service and parts under one roof with additional facilities located in Sydney, Melbourne and Perth. This presence, combined with experienced and fully trained staff ensures the quality of each crane.

Today, our world-class lifting solutions feature low maintenance and readily available replacement parts at competitive prices.

1978

The first Franna pick and carry prototype is manufactured

1999

Franna acquired by Terex Corporation

Today

Market leader in Australia with a growing global presence

KEY APPLICATIONS

The versatility of our pick and carry cranes allow us to cater for a number of applications, including:

MINING

CONSTRUCTION

**SHIPPING
& LOGISTICS**

HYDROELECTRIC

SHIPBUILDING

**NUCLEAR
POWER PLANTS**

MILITARY

**MATERIAL
HANDLING**

**MOBILE EQUIPMENT
COMMISSIONING**

**GENERAL LIFTING
APPLICATIONS**

THE RANGE

Franna pick and carry cranes live up to their name with the strength and easy operation to pick up heavy loads and the articulated steering flexibility to move in tight spaces. Their high road speeds get them to the jobsite quickly, and because the articulated frame needs no outriggers, you can get set up and working almost immediately

These high performance, mobile articulated cranes possess a number of unique features and benefits:

- Ready to work/zero set up time
- Cost efficient
- All terrain (4WD) & low range
- Easy access to sites
- Dynamic LMI (patent protected)
- Versatile/flexible applications
- Reliable; minimal service needs
- Compact
- Maximum safety features and ease of operation
- Minimal operational noise
- Comfortable cabins
- Quality assured
- Excellent resale value

MARKETING

Graphic Design

We are able to provide graphic design support to our dealers. Please contact franna@terex.com if you need help with pop-up banners, advertisements, fliers etc.

Email Marketing

We are happy to work with you to create co-branded eblasts to help promote open days, industry events, new product launches etc.

Website

The Franna website contains information on products, applications, support and the latest press releases. www.terex.com/franna

Social Media

Franna maintain Facebook, LinkedIn and YouTube pages with regular company updates and the latest industry news.

TRAINING

At Franna, we offer bespoke training for your team so that you can serve your customers in the field.

Travel to our state of the art manufacturing facility in Brisbane, Australia and watch the crane's journey from production to final dispatch. Product training will include general troubleshooting, hands on operator training and technical support. Upon completion of the training you will possess all the necessary tools to sell and support the Franna brand in your territory.

If travelling is not an option, arrangements can also be made to conduct the training at your own business premises.

If you would like more information on our product training, please email franna@terex.com

WARRANTY

Franna cranes are covered with a limited product warranty. Warranty statements are available on request from your regional sales manager.

Engines must be registered with the engine manufacturer at the time of commissioning by the dealer.

To register machine warranty, a commissioning form should be submitted within seven days of the machine being put into service. The registration process also requires completion of the customer handover form.

Pre-delivery checklists are also available to compliment the dealers' own processes for receiving and maintaining equipment.
