

NEW!

# 25t Spreader Bar

## for Franna MAC 25 & AT 40

*A new 25t spreader bar option is now available on the MAC 25 & AT 40. This innovative attachment has been designed to provide a higher capacity rigging solution, increasing the versatility of our larger machines, while maintaining ease of transport and operation.*

### Key benefits:

- ▶ 25t lifting capacity as a spreader bar. Lifting beam capacities maintained from existing 15t bar
- ▶ Up to 120 degrees upper sling angle to reduce boom head height
- ▶ Fits both standard MAC 25 and AT 40 transport systems, as well as MAC 25 deck mount system
- ▶ Telescopic design for rigging flexibility
