

TEREX®

**RECYCLING
SYSTEMS**

Working with
Terex Recycling Systems

Terex Recycling systems specialises in the design and build of stationary and modular recycling systems, ultimately providing customers with a “one stop shop” to meet their recycling needs.

This new business unit will complement Terex's existing environmental lines: Terex Ecotec (mobile wood processing, biomass and recycling equipment) and CBI (horizontal grinders, industrial chippers, flail debarkers and stationary systems). However, the approach of Terex Recycling Systems is more project focused in comparison to traditional machinery sales.

Together, these businesses will help municipalities, governments and contractors across the globe cope with the increasing demands of processing waste from various streams.

Why Modular?

A modular approach to recycling offers the following benefits:

- ✓ Less pre-sales work from enquiry to proposal
- ✓ Less engineering work from sale to production
- ✓ Easier to project manage production, delivery and installation
- ✓ Greater flexibility for customers to modify and expand their system
- ✓ Better access to finance / higher residual value
- ✓ Quick set-up time

Key Applications:

The versatility of our products allows us to cater for a number of applications including:

Product Overview

The ability to customise our modular recycling solutions, in order to meet the needs of the customer is what sets us apart. With a multitude of tried and tested options available you can be sure your demands will be met.

The product line-up from Terex Recycling Systems includes:

SMALL / MEDIUM PLANTS

- ✓ Feeders
- ✓ Conveyors
- ✓ Screens
- ✓ Picking stations
- ✓ Density separators

MEDIUM / LARGE PLANTS

- ✓ Feeders
- ✓ Conveyors
- ✓ Screens
- ✓ Picking stations
- ✓ Density separators
- ✓ Optical sorters
- ✓ Eddy current separators
- ✓ Primary shredders
- ✓ Secondary shredders

GENUINE PARTS

Support

A purpose built \$7.2 million parts facility for global customer support with a large stock of items available for immediate global dispatch meets the high demands of our customers, supporting growing requirements.

parts.terex.com is the online parts catalogue and ordering system providing 24 hour access for dealers to:

- ✓ Identify the correct parts and confirm pricing
- ✓ Check parts availability
- ✓ Place orders
- 🚚 Tracked shipping now available

The online parts helpdesk provides you with the ability to log issues 24 hours a day regardless of time zones. All updates and information will be stored giving full visibility of any previous issues and open requests.

New dealers will be issued with a welcome pack directly from spares with further details on contacts, processes etc.

To request a log in or a reminder of details, please contact mp.parts@terex.com

Graphic Design

We are able to provide graphic design support to our dealers. Please contact recyclingsystems@terex.com if you need help with flyers, banners, adverts, etc.

Eblasts

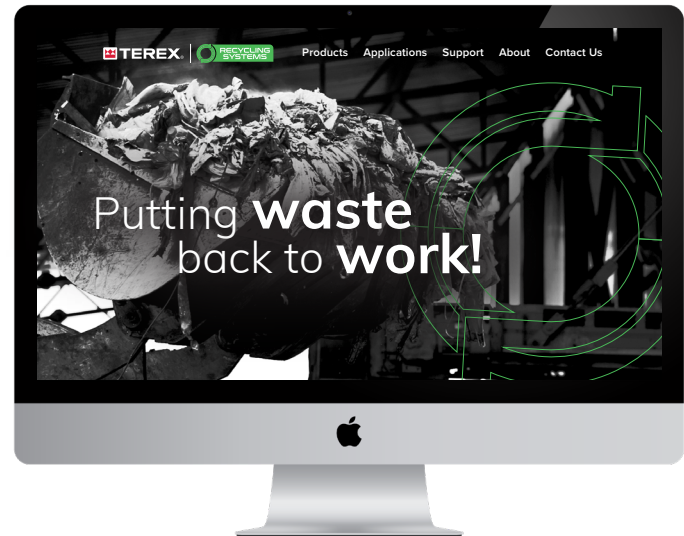

We are happy to work with you to create co-branded eblasts to help promote open days, industry events, new products, etc.

Websites

The website contains information on products, industries, links to videos and the latest range of press releases.

Social Media

Terex Recycling Systems maintains Facebook, Instagram, YouTube and LinkedIn pages.

Terex Financial Services (TFS) offer global solutions through a team of dedicated people who understand the needs of our dealers and customers and can direct you to the correct financial solution for your business.

We have developed a Turnkey Funding solution to assist our dealer partners, designed to maximize a dealer's potential to develop their Terex Business.

- Terex Self-Funding Capability
- Improved Working Capital Management
- Demonstration Programs
- Rental Purchase Schemes
- Stock Programs

Programs are tailored by region through a panel of funders. TFS offers a comprehensive suite of finance and leasing facilities for the end user. The concept of adding value to your business is critical to us and this is why the TFS Team can assist you in developing the right solution for you.

These facilities can be developed and tailored to suit the individual needs of each customer.

The range of facilities and services available are:

- Leasing Solutions
- Operating Lease Solutions
- Fair Market Value Lease Solutions
- Loans/Hire Purchase Facilities
- Used Equipment Financing
- Asset Management
