

# 883+

PROGRESS THROUGH DIVERSITY  
**SPALECK**<sup>®</sup> since 1869  
*conveying and separation technology*

The Terex Finlay 883+ Spaleck is the ultimate in mobile screening and separation technology. At the heart of the machine is the 2 deck German designed and constructed high performance screenbox.

The unique stepped top deck design combined with state of the art flip flow technology on the bottom deck catapults the 883+ Spaleck into a class of its own.

Its processing capabilities and application flexibility make the machine the only all in one mobile solution for processing difficult waste, recycling, slag, C&D, shredded metal, wood, compost, mulch, ores, coal, soil...

The Spaleck heavy duty vibrating screen is near to blockage and maintenance-free and has a processing range of 1mm to 120mm.

Now available with dual power technology option. On-board electrical motors allow flexibility to run from an outside power supply or standard on-board engine.

## KEY FEATURES

- Unique, stepped, 3D punch plate top deck design.
- State of the art Flip - Flow technology bottom deck.
- Flexibility to work in difficult waste processing, slag, biomass, compost, etc.
- Screen box discharge end can be hydraulically raised 500mm to facilitate efficient and easy media access and changing.
- All stockpiling conveyors are hydraulic angle adjustable.

## TRANSPORT & WORKING

\* SHOWING TELESCOPIC SIDE CONVEYOR OPTION

## WEIGHT

**30,500KG (67,240LBS)**  
 (STANDARD MACHINE CONFIGURATION ESTIMATED)
