

A TEREX BRAND

A large industrial conveyor belt system is shown in operation, transporting a large volume of dark, crushed material. The conveyor is blue and green, with a green operator's cab visible. The background shows a dark, industrial setting with some trees in the distance.

**WORKING WITH EVOQUIP**

EvoQuip offers a comprehensive portfolio of products to address the needs of the compact crushing and screening markets in six key industries: building and construction; quarries; farming and agriculture; landscaping and gardening and asphalt and concrete crushing and plant and tool hire. User friendliness is at the heart of the brand and as new products are developed the focus will be on simplicity, easy maintenance, fuel efficiency and ease of transport.

## BUILDING & CONSTRUCTION

EvoQuip machines are easy to transport and can come directly to your site to crush and screen the waste from your demolition projects. Onsite recycling allows you to turn your existing waste into reusable and sellable products increasing your profits and reducing your carbon footprint.

## QUARRIES

EvoQuip machines can be used in small to medium sized quarries to process natural material into sellable products. With optional add ons it is possible to produce a variety of aggregates in a single step.

## PLANT HIRE

The versatility and compact nature of the EvoQuip range creates a natural addition for plant & tool hire companies. With the ease of use and weights ranging from 3.2 tonnes to 28 tonnes, the EvoQuip machines are suitable for rental into everything from light residential to heavy commercial use.

## AGRICULTURE & LANDSCAPNG

EvoQuip equipment can offer agricultural contractors an opportunity to diversify in the off season, helping to retain staff and ensure a steady workload throughout the year. When you are not farming use EvoQuip equipment to demolish old farm buildings, process material for lanes, driveways and drainage stones. Certain models in the range can be transported on an agricultural trailer.

Due to the very compact dimensions of EvoQuip equipment it can overcome access issues due to narrow lanes and country roads. The equipment can come directly to your home to screen top soil for home gardens or golf courses; crush material from worn driveways and brick walls.

## RECYCLING

EvoQuip equipment provides the ideal solution for generating profit from waste. It is possible to process many types of waste from C&D, asphalt, concrete rubble to washout, producing and segregating sized products. This waste can then be reused as product on site or sold, resulting in reduced transport and emissions of bringing material to site; avoiding waste disposal costs and reducing virgin material used.

# SUPPORT

## 1. DEALER PORTAL

Dealer Portal is a password protected website providing easy access to all the documents that dealers commonly request including parts and service manuals, videos, technical specifications and training documents.

To request a login or a reminder of login details, please visit: [my.terex.com](http://my.terex.com)

## 2. APP

The EvoQuip app is available for download from the apple store on 2nd generation iPads or newer and also on the Play Store on 10 inch display and Upwards from Android 4 device.

## 3. TELEPHONE HELPDESK

The Helpdesk telephone number is available for all dealers and is for use when a staff member is on site in a machine down situation and is in urgent need of a response.

### DUNGANNON, UK

**Tel: +44 (0) 28 87 449 000**

Hours of operation (UK time)  
8.30am – 5.30pm (Monday – Thursday)  
8.30am – 4.00pm (Friday)

Out of Office / On Call Evening  
5.30pm – 10.00pm (Monday – Friday)

Out of Office / On Call Weekend  
8.30am – 12 Noon (Saturday only)

The out of hours telephone support service is for rapid response and to support field engineers.

### LOUISVILLE, USA

**Tel: +1 502 736 5293**

Hours of operation (EST time)  
07.00am – 6.00pm (Monday – Friday)

### HOSUR, INDIA

**Tel: +91 4344 302 299**

Hours of operation (IST)  
8:30am – 4:30pm (Monday – Friday)

Out of Office / On Call Evening  
Weekdays: 6.00am – 8.00pm  
(Monday – Friday)

Out of Office / On Call Weekend  
Weekend: 8.00am to 2.00pm (only technical helpdesk for breakdowns)

All other queries should be logged using our Online Helpdesk system.

## ONLINE HELPDESK

The Online Technical Helpdesk has ultimately been designed with the aim of making it easier for service representatives to submit enquiries and to monitor the status of their service queries.

### The key benefits that you will see are as follows:

All updates and information relating to an issue will be stored in one area. You will have full visibility of all your previous issues as well as open requests. Ability to log issues 24 hours a day regardless of time zones.

The Online Technical Helpdesk can be found at:  
<http://mp-helpdesk.terex.com>

The Online Technical Helpdesk can be accessed from a link within the Dealer Portal by clicking the link below and entering your personal login details, making it much easier for you to submit a technical enquiry.

<https://distributor.terex.com>

<http://mp-helpdesk.terex.com>

## ONLINE WARRANTY

The warranty website can be accessed  
<https://evoquip-warranty.terex.com>

All EvoQuip equipment is covered by a limited product warranty. A one page warranty statement is available in the Dealer Portal with full terms and conditions.

Engines must be registered with the engine manufacturer at the time of commissioning by the dealer.

To register machine warranty, a commissioning form should be submitted online within seven days of the machine being put into service. The registration process also requires completion of the Customer Handover form which is available in multiple languages in the Warranty section of the Customer Support area of the Dealer Portal.

Pre-delivery checklist forms are also available here to complement dealers' own processes for receiving and maintaining equipment.

## PARTS SUPPORT

A purpose built \$72 million parts facility for global customer support with a large stock of items available for immediate global dispatch to meet the high demands of our customers, supporting growing requirements.

**parts.terex.com** is the online parts catalogue and ordering system providing 24 hour access for dealers to:

- Identify the correct parts and confirm pricing
- Check parts availability
- Place orders

 Shipping tracking now available

The online parts helpdesk provides you with the ability to log issues 24 hours a day regardless of time zones. All updates and information will be stored giving full visibility of any previous issues and open requests.

New Dealers will be issued with a welcome pack directly from spares with further details on contacts, processes etc

To request a log in or a reminder of details, please contact **mp.parts@terex.com**

## MARKETING

### GRAPHIC DESIGN

We are able to provide graphic design support to our dealers. Please contact **evoquip@terex.com** if you need help with fliers, pop up stands, adverts, etc.

### EBLASTS

We are happy to work with you to create co-branded eblasts to help promote open days, industry events, new products, etc.

### WEBSITE

The website contains information on products, industries, links to videos and the latest range of press releases.

### SOCIAL MEDIA

EvoQuip maintain Facebook, Instagram and LinkedIn pages with all ongoing activities: tradeshow, exhibitions, and machines launches. The YouTube channel contains numerous videos of EvoQuip machines in action.

EvoQuip provide training and application support. The Technical Support Engineers are here to assist the ongoing efforts of dealers' service personnel. Our service team is a dedicated group of factory trained technicians with a vast experience of skills, which are refreshed on a regular basis.

Their mission is to offer technical support to our dealers through commissioning, onsite training and back up support for technical issues in instances where dealer service teams cannot resolve problems with the use of the Helpdesk.

Request for assistance from Technical Support Engineers should be made through the Technical Helpdesk.

## ADDING VALUE TO YOUR BUSINESS

**Terex Financial Services (TFS) is fully integrated into the fabric of the Terex Business**

We are committed to working with our dealers and customers in developing and adding true value to their business, and assisting in the acquisition and funding of their Terex equipment.

TFS offer global solutions and through a team of dedicated people who understand the needs of our dealers and customers we can direct you to the correct financial solution for your business.
